Fairfax, VA 22031

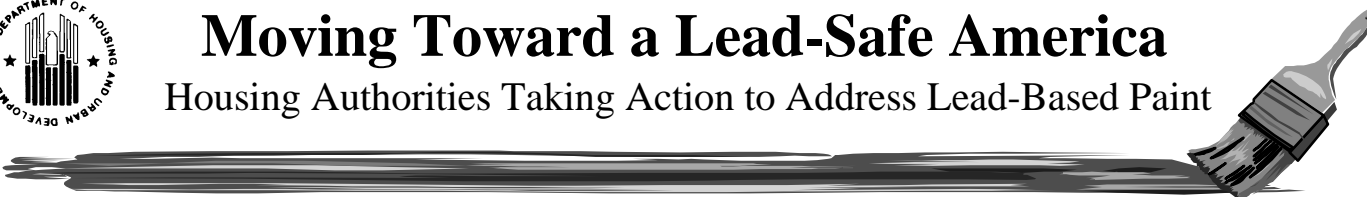

**Moving Toward a Lead-Safe America**  
Housing Authorities Taking Action to Address Lead-Based Paint

# Moving Toward a Lead-Safe America

## Housing Authorities Taking Action to Address Lead-Based Paint

Addressing lead-based paint in public housing and properties receiving Section 8 assistance administered by local housing authorities is not easy. But help is coming!! **HUD's Office of Lead Hazard Control** in conjunction with ICF Kaiser is providing training for housing authorities and HUD Field Office staff that explains current and forthcoming Federal lead-based paint requirements for these programs. **And there's more!!** This training course goes beyond the rules to show housing authority staff how to examine their current operations and identify practical ways to better protect residents and reduce the risk of lead poisoning lawsuits.

### *What You Will Receive*

- Three days of interactive learning including:
  - ✓ Presentations by experienced instructors who understand housing authority operations and how to address lead-based paint
  - ✓ Scenario-based exercises
  - ✓ Discussion with other local practitioners about lead-based paint successes and challenges
  - ✓ A hands-on dust testing demonstration
  - ✓ The development of a Lead Action Plan specifically for your housing authority
- A comprehensive student manual that presents the latest information on Federal requirements and how to meet them, recognized methods for safely controlling lead-based paint hazards, finding and hiring qualified contractors, and ways that housing authorities can incorporate lead-based paint activities into their existing operations.
- A copy of HUD's Lead-Based Paint Guidelines and other valuable reference materials needed by housing authorities to successfully manage lead-based paint programs.

### *What You Will Learn*

- Current and proposed lead-based paint requirements for public and Section 8 housing
- Helpful techniques for hiring and effectively managing lead-based paint contractors
- How to incorporate lead-safe maintenance practices for worker and resident protection
- How short-term controls can reduce the risk of lead poisoning until permanent action is taken
- Key considerations when planning lead abatement in public housing
- Easy ways to find certified abatement contractors across the country

### *Who Should Attend?\*\**

- Housing Authority staff
  - ✓ Modernization staff
  - ✓ Maintenance staff
  - ✓ Section 8 staff
  - ✓ Executive Directors
- HUD Field staff
  - ✓ Facilities Management staff
  - ✓ Leasing and Rental staff

**\*\* NOTE:** This is not a technical training course about performing lead-based paint evaluation and control work. Professionals seeking such training should contact their state, or the EPA Regional Training Center in their area.

(609) 921-7500

## TRAINING INFORMATION

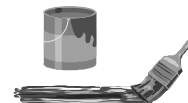

- Attendance:** Training sessions are open to local housing authority staff and HUD Field Office Staff working with public housing and Section 8 programs.
- Training Schedule:**
- If you work with public housing AND Section 8 housing, you should attend all three days of the training.
  - If you work with Section 8 housing ONLY, you should attend the first day of the training.
  - If you work with public housing ONLY, you should attend the first two days of the training and the morning of the third day.
- Registration:** Please register early! Registrations will be accepted on a first-come, first-served basis. Because space is limited, only three participants from an organization can be accommodated. **There is no fee for this training.**
- Confirmations:** Confirmation notices will be mailed to all participants. The confirmation notice must be presented for admission to the training. You will be notified if the session is full and your attendance cannot be accommodated.
- Accommodations:** Guest rooms available at the government rate may be reserved directly with the hotel. To receive this special rate, you must ask for the HUD Lead-Based Paint Training room block when you make your reservations. The number of rooms at the government rate is limited, so please make your reservations early.
- Travel Arrangements:** Attendees are responsible for all travel and per diem expenses. Cost savings are often possible by making advanced travel arrangements. However, please do not make travel arrangements until you receive a confirmation notice.
- Accessibility and Special Needs:** The training locations are accessible to persons with physical disabilities. If you have any questions regarding accessibility or need special conference delivery or material formats, please contact us at 703-934-3392 at least 14 days prior to the date of your desired session.

*Questions regarding the content of the lead training should be directed to Carolyn Newton, HUD Office of Lead Hazard Control, 202-755-1822 x 125*

*Questions regarding registration for the lead training should be directed to the ICF Conference Line, 703-943-3392.*

# HUD LEAD TRAINING REGISTRATION FORM

Participants must register by fax or mail. Absolutely no telephone registrations can be accepted. Please reproduce this form and complete one for each individual who wishes to attend. Because of possible space limitations, attendance may be limited to three participants from each organization.
